57"x36"	75.00	N/A	175.00

Our canvas prints are printed using our Canon iPF PRO4000 12 ink printer that gives unrivaled image quality. We only use the best quality 410g white canvas that gives stunning results in both colour and monochrome. Two coats of Giclée varnish are applied to the canvas which has two functions. Firstly to protect the canvas and also to enable the canvas to be stretched tightly without the edges cracking. You will be able to gently wipe the surface of your canvas print without risk of damaging the inked surface.

### SERVICE TIMES

**STANDARD** - 6 working Days

**EXPRESS** - Please ask for current Express time

### BULK DISCOUNT

**3+ Prints** - 20% discount

PRICES EFFECTIVE FROM 4TH JUNE 2018
